

IPEMA ASTM F1292-17A (SECTION 4.2) CERTIFICATE OF COMPLIANCE

ISSUE DATE: December 18, 2018

Requested By: Jenni Saucier

Project: Landscapers Pride

In the interest of public playground safety, IPEMA provides a third party certification service whereby TÜV SÜD America validates a manufacturer's certification of conformance to ASTM F1292-17a Standard Specification for Impact Attenuation of Surfacing Materials Within the Use Zone of Playground Equipment Standard, Section 4.2, Performance Criterion.

The manufacturers listed below have received written validation from TÜV SÜD America that the products listed conform with the requirements of ASTM F1292-17a, Section 4.2.

The validation is made by testing at the specified fall height rating requested by the manufacturer, based upon its experience and knowledge of its products, instead of the "critical fall height" used in ASTM F1292-17a. TÜV SÜD America validates that the impact attenuating performance criterion specified by ASTM F1292-17a (Section 4.2) has been met or exceeded.
